

BRIEFING NOTE
Municipality of the County of Richmond

Richmond Compost Pricing 2021
April 15, 2021

The following fees are proposed for compost sales from the Richmond Solid Waste Management Facility in 2021. Prices would be effective immediately, though we don't expect compost to be available until some time in May, weather depending.

Residential / Commercial Customers	\$40 / Tonne (Minimum \$5 charge)
Loading Fee	\$10 Flat Fee
Tandem Truck Load (screened)	\$275 inc. loading fee (approximately 8 tonnes)

The proposed pricing reflects an increase of \$10/Tonne and \$75/tandem truck load of screened compost. The draft notice to residents is attached for reference.

MUNICIPALITY OF THE COUNTY OF RICHMOND

Compost Available insert date

Effective insert date compost will be available at the Richmond Solid Waste Management Facility. Availability is limited to residents of Richmond County (identification with address may be requested). Availability will be limited to a maximum of 2 cubic yards per customer until insert date (2 week period where quantity is limited to ensure the maximum number of people benefit). Effective insert date, compost will be available on a first come first serve basis.

The compost has been tested to CCME guidelines and is considered Category A, unrestricted use, and can be used in any application. Lab results are available upon request.

Fees:

Residential / Commercial Customers	\$40 / Tonne (Minimum \$5 charge)
Loading Fee	\$10 Flat Fee (check with site in advance, loading may not always be available depending on operations)
Tandem Truck Load (screened)	\$275 inc. loading fee (approximately 8 tonnes)

Customers must remit payment at the Richmond Solid Waste Management Facility at time of pick-up (debit and cheque accepted). Please note that shovels and containers are not available at the Waste Management Facility.

Quantities are limited. Please verify availability with the Richmond Solid Waste Management Facility at 902-226-2396 prior to arrival onsite. Those wishing to be loaded should check with the site in advance to ensure that personnel and equipment will be available.
