KEEPING OUR COMMUNITY DOORS OPEN

COMMUNITY HALLS ARE ELIMINATING ENERGY
BILLS WITH GRANT-FUNDED UPGRADES

“It was too expensive to heat the hall until we got these upgrades. Now, it’s been a boon to the entire community.”

— Doug Fletcher, Community Volunteer

THE REALITY

Most halls spend over \$5,000 per year on heat and power.

We help you eliminate these bills, redirecting funds back into community.

PROVEN RESULTS: CHURCHVILLE HALL

When the oil bills became too high, Churchville Hall had to close for the winter. Today, they are open year-round.

THE UPGRADES: Insulation, heat pumps, electrical upgrades and solar panels

THE IMPACT: Music, bake sales, and local events now fill the hall every month, regardless of the temperature outside

PROTECT YOUR HALL'S FUTURE ELIMINATE ENERGY BILLS

PRACTICAL, STEP-BY-STEP SUPPORT TO LOWER OPERATING COSTS
AND KEEP YOUR COMMUNITY DOORS OPEN

1

YOUR BUILDING ASSESSMENT A Clear Plan for Every Dollar

The Site Visit: We walk through your building to find where energy—and money—is being lost.

The Roadmap: You receive a simple report showing which repairs offer the best return on investment.

No Surprises: A phased plan that works with your hall's existing budget and goals.

2

SECURING THE FUNDING We Handle the Paperwork

Grant Matching: We identify the specific government and utility grants your hall is eligible for.

Expert Applications: We prepare the applications and paperwork so you don't have to navigate complex systems alone.

Cost Savings: Our goal is to stack every available grant and rebate to lower your upfront project costs.

3

QUALITY COORDINATION Trusted Oversight, Start to Finish

Vetted Contractors: We manage the scheduling and ensure the work is done to a high standard.

Budget Tracking: Clear communication on project milestones and expenses.

Peace of Mind: We provide a dedicated coordinator to ensure your upgrades are installed correctly.
