Public Hearing re:

Municipality of the County of Richmond Municipal Land Use Strategy and Land Use By-Law

The Municipality of the County of Richmond Municipal Land Use Strategy develops a long-term vision and plan for how land is going to be used in the municipality and includes policies or statements that reflect Council's intention for land use. Municipal planning strategies are implemented through a land use by-law, which establishes specific standards and rules for development. Together, this Municipal Planning Strategy and the associated Land Use By-law, along with the rules for subdivision, are the primary documents governing land use in the Municipality of the County of Richmond.
