

APRIL 2021

MARGARET HERDMAN

"Marg has been a part of St. Anne's Centre Auxiliary for many years. She is always available for any challenge. Marg was instrumental in getting iPads for the residents during COVID and on several occasions she organized thank you treats for the staff.

She is involved in other organizations in the community and always willing to help when needed. She also arranged to get pins for staff and residents from the Angel Fund which helped them as well."
