Warden’s Message

As I write this message, Council is still in the midst of budget deliberations for the coming year. By the time this edition of Richmond Reflections reaches your mailbox, those budgets will undoubtedly be finalized and approved. Throughout our discussions, Council has remained focused on continuing to provide important services to residents while recognizing that affordability remains a very real concern for many families and businesses. Once approved, information on the Municipality’s final budgets will be available on our website at richmondcounty.ca.

One of Council’s ongoing priorities is improving communication with residents. Over the past few months, I have begun publishing a monthly Warden’s Newsletter designed to provide regular updates on what is happening around the Council table. The newsletter includes features such as a spotlight on Council committees and summaries of motions passed at recent meetings. While it is still new and we continue to explore the best ways to share it beyond social media, I hope it becomes another useful avenue for keeping residents informed and engaged in municipal affairs.

Summer is always a special time in Richmond County. As visitors return to enjoy our communities, beaches, trails, festivals, and events, it also becomes a season when residents reconnect with neighbours and celebrate the places we call home. Across the municipality, volunteers spend countless hours organizing community of gatherings, cultural celebrations, and local activities that make Richmond County such a welcoming and vibrant place. Their efforts often happen quietly behind the scenes, but they are deeply appreciated and make an enormous difference in the quality life in our communities.

As the weather improves, you’ll also see councillors attending more community events and spending time throughout their districts meeting with residents. We always appreciate hearing your ideas, concerns, and priorities, and I encourage you to reach out whenever the opportunity arises.

On behalf of Richmond County Council, thank you for taking the time to read this edition of Richmond Reflections. I hope you enjoy a safe, relaxing, and memorable summer season.

RICHMOND COUNTY'S 2026 VOLUNTEER OF THE YEAR

JOAN BONA

Joan wears many hats, often all at once, with humility and never seeking recognition. As President and Secretary of the Catholic Women's League (CWL), Chair of the Fleur de Lis Seniors Historical Committee, and a lead organizer of the 175th Anniversary of Louisdale celebrations, Joan is an active member of the community.

From organizing and preserving archival materials for the Historical Committee to chairing the 175th Louisdale Anniversary Committee and everything in between, Joan's passion for contributing to her community is exceptional. She completes each task with local pride.

Please join us in recognizing Joan for her hard work, dedication, and commitment to her community.

We thank you for all you do for Richmond County.

IMPORTANT NOTICE!

Wipes & Personal Hygiene Products Clog Sewer Lines!

Many household products are labeled and marketed as DISPOSABLE and/or FLUSHABLE; many baby and adult personal hygiene products, along with household wipes and cleaning towelettes are labeled both disposable and flushable. While these products may be marketed as a convenience item in this way, the truth is that these types of items have the ability to clog not only the sewer line on your property, but also the public sewer system and pump stations in our serviced areas.

Unlike toilet paper, these products DO NOT break down once they are flushed. They can cause blockages in your sewer line, especially older pipelines that may have grease, roots, or other obstructions already existing. Repair of a private sewer line can be inconvenient and costly for the property owner. Property owners are responsible for maintenance of the sewer line from their home up to the road right-of-way. When these products make their way into the public sewer system they collect together causing very large obstructions and clogs in the mains and get tangled in pump stations requiring repair or replacement of equipment. Ultimately, increased costs to maintain the central sewerage systems are passed on to customers through sewer rates.

How Can We Help...

The following items should **NEVER** be flushed into the sewer system:

Disinfecting/surface wipes	Mop or "Swiffer" type refills
Baby wipes	Paper towels
Jewelry wipes	Pet care wipes
Cosmetic wipes	First Aid wipes
Disposable diapers or diaper liners	Bio-pads (nursing home, home health care, etc.)
Cotton swabs	Feminine hygiene products
Toilet cleaning pads	ANY Moist type towelettes
ANY CONSUMER ITEM THAT IS NOT TOILET PAPER	

Save yourself and your Sewer Utility from costly repairs and/or replacement bills. **Do not flush the listed items; place them in the trash, not the toilet.**

Please contact the Public Works Department at 902.226.2400 for more information.
